

# Using Your Yobebuddy rewards to

## Swirl • Pay • Earn

- Upon card activation, your Yobebuddy StoreCard can be swiped and used just like a credit card or gift card.
- The back of the Yobebuddy card includes a small QR Code and a short link <http://mps.bz/StoreCard>.
- Access the Yobebuddy features by scanning the QR code on the back of the card with a QR code reader, we recommend RedLaser™. Or, type in the URL on any computer or mobile device and enter the card information manually.
- Once you scan the QR code, you will be redirected to the Yobe StoreCard Manager website. The card number and business ID should be auto populated.
- Enter the CVV code located on the top right hand side of the card and enter the four digit character code.
